

Global Legacy Partners Private Family Office Summit Adelaide, 2026.

Cricket. Conversation. Connection.

A three-day private gathering for a select group of up to 60 family office founders and principals at the Adelaide Oval — bringing together cricket, conversation and purpose. A family office cricket match serves as an introduction to the Summit for those who wish to play, offering a unique peer-to-peer experience limited to just 20 participants.

Whether you prefer to take to the field, join the discussions, or enjoy both, the occasion is designed with flexibility. Step onto the field with cricket legends including Lord Ian Botham and Damien Fleming, then join curated discussions on innovation, AI, the future of wealth and much more. Evenings feature exceptional dining in iconic Adelaide settings.

However you choose to take part, Adelaide offers the setting to do so entirely on your own terms. It's also a rare opportunity to connect with peers and build lasting relationships in a private, relaxed environment.

Acknowledgements & Purpose

Global Legacy Partners acknowledges the South Australian Cricket Association as the major event partner.

Participants in the family office cricket game are invited to make a contribution to Partners in Progress, supporting selected charities through donations from family office members.
